

www.coastalmainepopcorn.com

Coastal Maine Popcorn Co. opened in Boothbay Harbor, Maine to provide great tasting, flavored popcorn and world class customer service.

The Maine Coast is known for its exceptional craftsmanship, from the first wooden ships, to ceramics and fine wood working; if it's made in Maine, you can trust that it is a quality product.

Our popcorn is no exception! We air pop our popcorn so it's a healthier and crunchier treat. All of our popcorn is hand-made, one batch at a time. We do not believe in controlling costs by sacrificing on quality, and with over 30 flavors, you're sure to find a favorite!

Our popcorn is a great gift idea for all occasions, including wedding favors, baby showers, anniversaries and business functions. We have "Event" sized bags and can create personalized labels for any event. We also offer our popcorn at wholesale prices for interested businesses.

We appreciate your business, so if you are ever in the area, please stop by to see what's poppin' and let us thank you in person.
